America Recycles Day

Celebrate and make a difference today & everyday

America Recycles Day, a *Keep America Beautiful* initiative, is a nationally recognized day dedicated to promoting and celebrating recycling in

the United States every year on or around Nov. 15th.

Don't Just Recycle

Let's Recycle Right in RI

Did you realize?

*The recycling you place out at your curb goes to the Material Recycling Facility (MRF) at the RI Resource Recovery (RIRRC).

* All recycling is sorted and then sent to end users who turn good recyclables into a variety of new products.

* Mixing wrong items in with good recycling does NOT work. It only contaminates the good recycling.

*Contamination can cause whole loads of recycling to be land filled instead of recycled.

Make sure you are Recycling Right in RI?

RIRRC will show what **does & does not** belong in your curbside cart or bin. It all starts with proper sorting and only placing the correct recyclables in your bin. Sorting is easy when

you follow these guidelines:
